

THE STORY

Mulunda Miaka Orphanage was founded by Pam and Menda, a Zambian couple seeking to make a difference in their community. While working in the pediatric ward at Mukinge Hospital, Pam was distraught by the condition of many of the children. Orphaned children would be brought in by extended family members to be treated, many for malnutrition. While treatment was usually successful, these same children would return time and time again as their extended families could not provide the proper nutrition. With the devastating AIDS pandemic, this story is all too common. For this reason, Pam and Menda decided something had to be done. Already taking care of several extended family members, Pam and Menda opened their arms and hearts and founded Mulunda Miaka Orphanage. With the help of devoted Zambians and missionaries living in Zambia, the dream began. With completion in sight, we invite you to join us on this journey. To learn more, visit our website, www.mmorphantage.org.

PAM

Founder and Executive Director of MMO. As a nurse at Mukinge Hospital, Pam was moved to care for the basic needs of children coming in malnourished without parents to care for them.

LYNN

Serving at Mukinge Hospital as a missionary from Wisconsin, US. Lynn is the treasurer for MMO and has been involved in the vision, planning and implementation.

PO BOX 120019

KASEMPA, ZAMBIA

www.mmorphantage.org

**MULUNDA MIAKA
ORPHANAGE**
a friend forever

Mulunda Miaka Orphanage is dedicated to raising children in a Christ-centered home, emphasizing sustainability, empowerment and community development.

Opening December 2010!

DEVELOPMENT PLAN

- Finish Construction, including necessary infrastructure
- Purchase vehicle for transportation
- Sustainability Projects

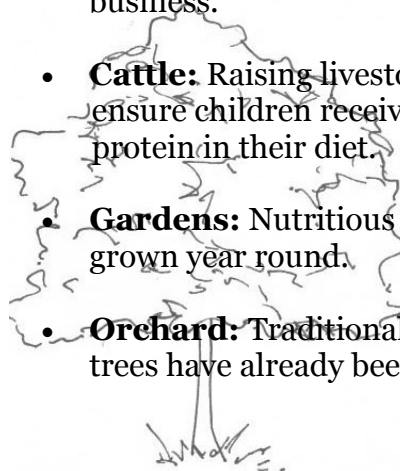

DONATION OPTIONS

- For tax deductible donations from the U.S. send a check addressed to: Madison County Community Foundation, 33 W 10th St., Suite 600, Anderson, IN 46015. Please make payable to MCCF with Mulunda Miaka Orphanage in the memo field.
- Send a check to Mulunda Miaka Orphanage, P.O. Box 120019 Kasempa, Zambia, Africa
- For bank transfers, contact us
- Donate online at www.mmorphange.org/donate

SUSTAINABILITY

Money raised will be used to complete construction at MMO and will put MMO on the road to sustainability by implementing the projects listed below. Food products will be used to benefit those at MMO with excess products being sold in the local marketplace, supporting the financial needs of the organization.

- **Chickens:** Already a source of income, operations will be expanded once MMO opens.
- **Bee Hives:** With two harvests a year per hive and little maintenance, honey will act as a key means of income for MMO.
- **Goats:** Milk for children and cheese to be sold.
- **Fish Ponds:** In the future MMO is interested in entering the fish business.
- **Cattle:** Raising livestock will help ensure children receive enough protein in their diet.
- **Gardens:** Nutritious food will be grown year round.
- **Orchard:** Traditional African fruit trees have already been planted.

SCHOOLING AND HEALTH

- Children will attend public school in order to receive their education while maintaining a normal social environment.
- Committed to ensuring children obtain education through grade twelve and/or learn a trade.
- Children will be accepted regardless of pre-existing health conditions such as HIV/AIDS.
- Pam and Menda, who will live at MMO, are both health care professionals.
- Additional health care is available at nearby Mukinge Hospital.

IMPACT

MMO will serve as a loving home for children while also seeking to develop the surrounding community through employment, training and economic development.
